► **Meeting Agenda:**

2009 Chapter Officer Elections will be held at this meeting. We will also receive a presentation from Kathleen Almand (NFPA Research Foundation Executive Director).

► **Speaker Agenda:**

Speaker – Kathleen Almand, NFPA Fire Protection Research Foundation (Executive Director)

Topic – Kathleen will provide us with a discussion on the current and pending projects of the Research Foundation. Considering many of these research projects impact fire code development, you will not want to miss this presentation.

From www.nfpa.org: “The Fire Protection Research Foundation is an independent nonprofit whose mission is to plan, manage and communicate research in support of the NFPA mission. The Foundation brings premier fire research resources to experts in code, corporate, and government arenas through objective research documentation on today’s crucial fire problems and new solutions.”
