North Florida and Florida Chapters

SFPE Day at the FFMIA Annual Conference  
TUESDAY  
November 1<sup>st</sup>, 2011

From the North Florida Chapter and  
Florida Chapter of the Society of Fire Protection Engineers

The two Florida Chapters of SFPE have joined forces to provide speakers for the Florida Fire Marshals and Inspector's Association Annual Conference. As a result we are being offered the opportunity to let our members register for a one day program for a reduced Registration Fee.

In addition to the Education Sessions (offering up to 7.0 PDHs), we have a dinner meeting (offering 1.0 PDH) scheduled with special guest, Morgan Hurley, Technical Director of SFPE to give us an overview of *SFPE's Engineering Guide to Substantiating a Fire Model for a Given Application*. The guide provides a framework to determine and document the suitability of a fire model for use in a specific application. The framework in the guide is applicable to all types of fire models, ranging from algebraic calculations to zone or lumped parameter models to CFD or field models.

**Seminar Registration Fees:**

Member Rate - \$125.00
